# President's Message

3

Hello Everyone,

As we mark the 4th quarter of 2024 I am pleased to welcome you to our new and improved newsletter/magazine the Toms River Chess Club Chronicles!

The Chronicles has resulted from the culmination of my time here as President of the TRCC. It is hard to believe that this November I will have been President for 3 years already. It is humbling to think that my 3 years only accounts for 5% of the club's existence. It demonstrates the true age and importance this organization has had on chess.

Back when I first became President in November of 2021 I was sending out weekly PDF newsletters that the membership overwhelmingly enjoyed. The PDFs included stories, puzzles, and weekly news. club Media Director Erik would later take on the job until the organization would eventually move to much shorter weekly web emails and the occasional YouTube video. The Chronicles echo back to that era of PDFs and new beginnings. The chronicles are possible because of new innovations on our website (<u>TomsRiverChess.org</u>) and the upgrades to our online infrastructure which allow me to regularly and easily update the PDF. As a result, the weekly web emails will continue but information will be ripped right from the Chronicles.

Although there will be much more upfront work to get the quarter set up, the amount of time spent overall should be less for me, and for whoever will eventually come after me. Although, I am not planning on going anywhere just yet.

On a personal note, in the past year I had the privilege of serving as one of New Jersey's delegates at the 2024 USCF delegation meeting, I was asked there to be apart of the USCF's Club Committee, and more recently, I was nominated and accepted the position of Secretary of the New Jersey State Chess Federation. The same position previous President Stephen Shoshin held when I first met him.

I am very excited for the future of chess here at Toms River and thank you, the membership, for all your support throughout the years.

Nick Carlson
